

PROVEN PERFORMER

Compact Commercial Laundry

LWNE52 (top loading washer)

LDEE7R (electric dryer), LDGE7R (gas dryer)

Top loading washer features

- Extra large capacity stainless steel tub keeps clothes looking their best
- Large lid opening for easy loading
- Advanced suspension system eliminates the possibility of an unbalanced load
- Commercial all metal transmission offers highest quality and durability
- Digital display with countdown
- Multi-cycle controls provide washing options to fit your laundry needs

Controls

Top loading washer Electronic Control

The Electronic Control keeps users informed throughout the wash process with cycle status lights and a digital cycle countdown. Users also have the flexibility to control temperature, load type, and soil levels, as well as the option of a pre-wash and/or additional rinse to achieve high levels of efficiency.

Single dryer features

- Durable galvanized steel cylinder with an extra-large 198 litres of volume
- Efficient dryer heating with 21 MJ (gas models) and up to 4,000 Watts (electric models)
- Large, easy-to-clean lint compartment
- Reversible door
- 1913.8 sq. cm door opening is the largest in the industry, providing easy loading and unloading
- Optional venting positions
- Moisture sensing system gives accurate temperature control, protecting garments and reducing energy consumption

Single dryer Electronic Control

The Electronic Control keeps users informed throughout the drying process with cycle status lights and a digital cycle countdown. Automatic (moisture sensing) cycles come standard.

LWNE52

LDEE7R, LDGE7R
